1. [REDACTED] LIAISON Called Beverley Lumpkin, staff of the House International Relations Subcommittee on International Organizations, and told her that we received her 15 May 1978 letter requesting an unclassified briefing by "members of the economics section of the Far Eastern Division" on 11 subjects regarding U.S. Korean economic relations. I told Lumpkin that these matters clearly fell within the competence and expertise of the State and Commerce Departments and that we had no one knowledgeable in the areas pertaining to the negotiations of various U.S. Korean congressional agreements in the early 1970's. I requested that Lumpkin direct this request to the appropriate Executive Branch agencies. Lumpkin said that the request had been drawn up by other members of the Subcommittee staff and that she would check with them to determine if they had perhaps not phrased their questions in the manner in which they had intended. I told Lumpkin that unless I hear from her further, I would consider this matter closed, but would be happy to respond to the request in writing if she felt this was necessary. She will let me know if a letter is necessary.

10. [ ] LIAISON Met with Tom Moore, Senate Select Committee on Intelligence staff, who told me Senator Daniel Moynihan (D., N. Y.) was not satisfied with Agency explanations regarding why he had not been informed of certain Agency activities while he was United Nations Ambassador. I agreed to look into this for Moore who suggested we respond to Moynihan before tomorrow's scheduled Committee meeting.
